### About the Hospital Board & Leadership Program

With Georgia state-mandated training requirements, it is critical that hospitals provide initial and ongoing education to those that provide direction and oversight for the hospital, and for the administrative team who lead the organization. With these needs in mind, HomeTown Health is pleased to offer a **Hospital Board & Leadership (HBL) Training Program** for rural hospitals that meets Georgia standards as approved by the Georgia Rural Health Innovation Center (GRHIC) at Mercer University School of Medicine. Additionally, accreditation from IAC-ET.org allows you to receive continuing education units that meet the highest international best practice ANSI/IACET standards. For more information, visit: [www.hthut.net/hbl](http://www.hthut.net/hbl) or speak to Terry Edwards at [terry.edwards@hometownhealthonline.com](mailto:terry.edwards@hometownhealthonline.com).

*This curriculum has been certified by the Georgia Rural Health Innovation Center as having satisfied the training requirements found in O.C.G.A. § 31-2-16.*

## HBL Program & Compliance Training Accreditation

Please note that only subscribed facilities or individuals in the HTH Board & Leadership Training Program are eligible to receive credit for this training to meet the Georgia Rural Health Innovation Center guidelines; credit will not be approved or reported until program registration is complete. In order to earn credit for these HBL courses, you must:

- Complete the pre-test for each course **prior to attending the training**. (\*Initial Track Participants Only)
- Sign in at the training and attend each course session in its entirety.
- Submit a CEU Form with a valid email address.
- Pass the post-test for each course on your own with an 80% or better. (\*Initial Track Participants Only)
- Complete Online Course Evaluation.

\*Additional notes regarding tests: Pre and post testing is not required of recertification track participants. Initial track participants must complete pre and post-testing. Notes you take personally during the training may be used when taking the post-tests. Electronic assistance may not be used during the testing (such as cell phones, computers, or other) to find a solution. You may NOT ask for other people to assist in answering post-assessment questions, or share responses with others.
